Your job as a communion assistant is an important one so if you are not able to serve in worship on the date assigned, please find a replacement and notify the church office at 368-2747 by the Wednesday before your scheduled Sunday. Communion can be setup on Sunday morning. A small microwave has been installed in the sacristy; bread can be thawed in 90 second which makes setup much quicker Sunday mornings. Please connect with the other CA who is serving with you to see who will setup. If your number listed below is wrong please let Chris know in the office
